Hello I'm Beka, result-oriented Full-Stack developer with experience in React, Typescript, JQuery. I am constantly striving to progress my abilities and learn new technologies. I used eloquent javascript to teach myself fundamentals of web technologies - creating markup, manipulating DOM, and building web apps using modern javascript. I have worked on about 40 projects. I spend an average of 8-10 hours a day on this work and try to develop steadily

Work Experience
